

1.0 Activity - Reflection Questions

FAISS

- 1. Imagine that you are at a dinner party and a new acquaintance asks you where you work. You reply that you work at an Anglican School. They ask "What is Anglican?" What do you reply? There are many different ways to experience the Anglican Church, and you may have had a lot or relatively little experience of the Anglican community. This is all fine! We can all contribute to the conversation with our own experience.

- 2. The Anglican Church is one way to express and experience the community of God. Have a think about other ways people find out about God. In what other ways do humans know about or experience the divine?
